ACCESS TO SADDLING ENCLOSURE

Following consultation with the New Zealand Trainers' Association & Racing Clubs, it has been agreed that entry to the Saddling Enclosures at all thoroughbred racing venues will be restricted to Licensed Trainers & Registered Persons. In conjunction with this directive, the minimum age for staff to enter these areas is 14 years unless a Stipendiary Steward has granted prior approval. In order to enforce this policy, Licensed Trainers and Licensed Persons must display their official NZTR ID card to gain access to the Saddling Enclosure areas on race day.

Licence Display:

To assist security in ensuring that only authorised people are allowed into the race day stalls area it is essential that all licence-holders and licenced staff wear their licence badges so that they are clearly visible at all times. Security do not necessarily know trainers and other licence holders by sight and wearing licence badges

RACING ROTORUA 15 OCT

15 Oct 2023

Meeting: 2

so that they are easily seen will prevent any unnecessary embarrassment in accessing the stalls area.

The Utuhina Stream bridge, near Rotorua Boys' High School on Old Taupo Rd, will close from September 25 until October 15, Waka Kotahi NZ Transport Agency said in a statement earlier this month.

There will be a full road closure between Sunset Rd and Pukuatua St and traffic will be detoured using local roads.

Due to significant roadworks taking place on SH1 near Gorton Road, the southbound lane will be closed between Gorton Road and SH29 Mon-Fri for 3 weeks between 7am-7pm from 2 October. Stop/go is in place overnight 7pm-7am and 24/7 on weekends. Road users should expect delays or use an alternative route. The northbound lane will be under a 30 km/h temporary speed restriction in places. Expect delays as stacked vehicles are released through the worksite at regular intervals.

•Detour route

Southbound detour for light vehicles via Karapiro Rd, Taotaoroa Rd and SH29. HPMVs, heavy and over-dimension vehicles are requested to stack at the closure and will be released at regular intervals.
