TRACK TIPS

HOW EASY!

If you can't decide on a runner to back, ask the operator for an Easybet and the computer will pick a selection of runners for you from the on-course favourites of that race. Simply choose the amount you want to spend (from \$1 up) and the bet type. **How easy is that?**

ALL UP BETTING

This IS NOT a new bet type of pool, but a mechanism which allows automatic reinvestment of your winnings on to the next event of your choice. Dividends earned from the 1st event will be reinvested "All Up" on the 2nd selected event, and so on. If you choose to bet **ALL UP** you *MUST* fill in a betslip marking the selected races and runners.

Give it the old one-two!

With a **Quinella** you simply pick two runners to come 1st and 2nd in either order.

The most popular way of taking a Quinella is a **BOXED Quinella**, which means you pick three or more runners and if ANY two of them finish 1st and 2nd, you will win the Quinella dividend.

The minimum bet value is \$1.

Remember the more runners you pick, the more the Boxed Quinella will cost.

EASY GUIDE TO CALCULATE YOUR BOXED QUINELLA BETS

3 runners will cost	\$3.00
4 runners will cost	\$6.00
5 runners will cost	\$10.00
6 runners will cost	\$15.00
7 runners will cost	\$21.00

EXAMPLE OF A SIMPLE BOXED QUINELLA

Box runners 1, 2 and 3 (you need to pick 3 or more runners for a Boxed Quinella). This gives you the following options to win: 1-2 and 2-1, 1-3 and 3-1, 2-3 and 3-2 and costs \$3.

TRACK TIPS

So what's Percentage Betting

PERCENTAGE BETTING = PERCENTAGE RESULTS

It's simple - you pay a percentage of the price of a Trifecta or Treble in return for a percentage of the dividend. Tell the operator or mark the betting slip with the Total Amount you wish to spend. Remember the minimum percentage bet is \$5 and the minimum bet unit is 5 cents. So just name your price and you'll be in to win at a price that suits you.

TRACK TIPS

Want big race returns?

With a **Trifecta** you pick the runners to come 1st, 2nd and 3rd in the **CORRECT** order.

A popular way of taking a Trifecta is a **BOXED** Trifecta. This means you buy all the combinations for your runners to come 1st, 2nd and 3rd, see example. You can choose any number of runners to box.

You can keep the cost of a Trifecta bet down by playing with 50 CENT units and if you win the Trifecta you will win half the Trifecta dividend.

EASY GUIDE TO CALCULATE YOUR BOXED TRIFECTA BETS

Number of runners	\$1.00 units	50c units
3	\$6.00	\$3.00
4	\$24.00	\$12.00
5	\$60.00	\$30.00
6	\$120.00	\$60.00

Or, simply tell the operator the **total amount** you want to spend and ask for a **Percentage Trifecta** or **Boxed Trifecta** bet.

EXAMPLE OF A SIMPLE BOXED TRIFECTA

Box runners 1, 2 and 3 (you need to pick 3 or more runners for a Boxed Trifecta).

This gives you the following options to win: 1-2-3, 2-3-1, 3-1-2, 1-3-2, 2-1-3, 3-2-1 and costs \$6.

\$1 is the minimum bet value.

Caleb Turner Treatment Trust

Hi my name is **Caleb**, I was born 6 weeks premature being a healthy baby boy. Unfortunately day two I suffered a massive bleed to the brain, as a result I now have Cerebral Palsy.

I'm now two years of age, I cannot talk, walk, crawl or sit, I also suffer from Epilepsy which I take daily medication for. On a good day I have around 10 seizures and on a bad day I can have up to 50, which my Mum and Dad have been told that if they continue I will suffer further brain damage.

Mum has found on line, a clinic out of San Diego in the USA having successful advances through Stem Cell transplants for children suffering Cerebral Palsy. This treatment is not covered through any New Zealand Government funding. Doctors in the USA have examined my medical records and have judged me to be a fine candidate for this treatment.

I'm seeking to raise funds through donations today at the Wingatui Melbourne Cup Day Races to assist in this costly endeavour.

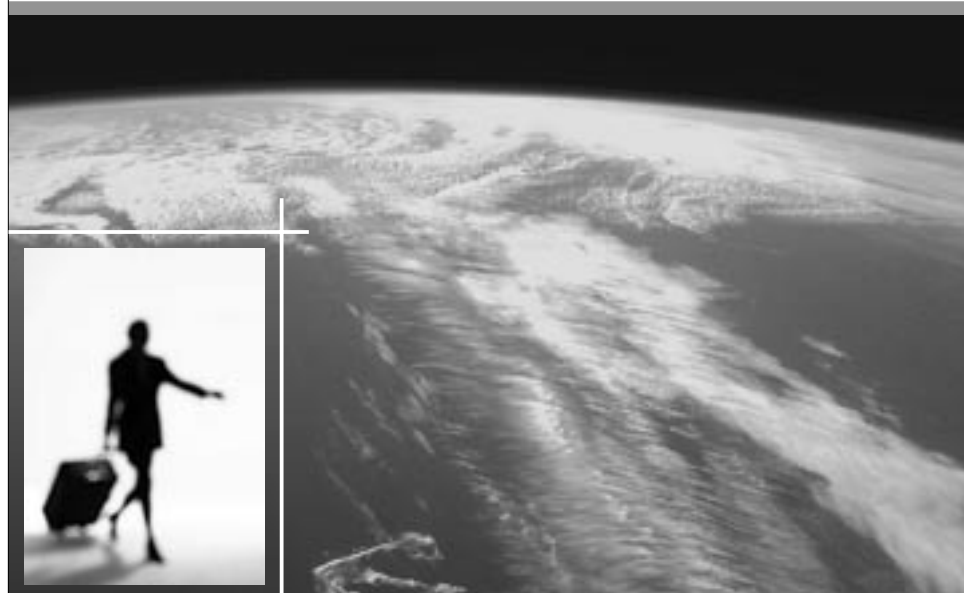

I hope you can find it in your heart to help me reach my goal, to receive this treatment as this will help my future development and quality of life.

Donations can also be made at any ASB Bank, Caleb Turner Trust

Love from Caleb

The Trusts Charitable Foundation Inc (TTCF) is delighted to be associated with racing in the Otago and Southland regions and Gallop South.

TTCF is a non-profit charitable trust established to distribute profits from gaming machines to worthwhile organisations throughout New Zealand, having donated in excess of 23 million dollars during the last financial year.

TTCF has been donating money to the racing industry for many years and a significant funder of such.

Every racing club in New Zealand has benefitted from this.

TTCF is the most efficient of all major gaming machine charitable trusts distributing in excess of 53% of revenue back to the community, 40% more than required by the Department of Internal Affairs.

TTCF is expanding its operation which will see more money being raised for the community and the racing industry.
