Passing the 1500 metres **KECHIKA** became awkwardly placed on heels, shifting in, making contact with **ZAVIERA** which then had to be steadied. As a result **TIPIPK** and **SIR AL SYD** which were following, had to be steadied for a distance.

MOPANE raced wide without cover for the majority of the race. Rider D Johnson reported that the gelding had hung throughout. **MOPANE** underwent a veterinary examination following the race which could find no obvious abnormalities.

TIPIPK had to steady when awkwardly placed passing the 400 metres.

Approaching the 350 metres **SIR AL SYD** shifted out making contact with the hind quarters of **METALLIC** which was weakening appreciably, with that runner becoming unbalanced. A post-race veterinary examination of **METALLIC** could find no obvious abnormalities

ITSFORFREE was not persevered with over the final 350 metres with Rider T Thornton reporting she had felt that something was amiss with the gelding. A subsequent veterinary examination revealed **ITSFORFREE** to have suffered from cardiac arrhythmia.
