## Message from the Chairman

On behalf of the Board it is my pleasure to welcome you to Eagle Technology Raceday at Ellerslie. Eagle Technology has been a long time supporter of horse racing and it is indeed our pleasure to have the Eagle family and their guests here today.

The feature race today is the Eagle Technology Stakes, a Group III race over 1600m which acts as the precursor to the feature races which are scheduled to be run over the next two months.

The race has a great history and is always won by a quality performer as evidenced by recent winners which include the WS Cox Plate winner Solvit, the champion racehorse Xcellent, while last year's running was taken out by the very talented Run Like Al.

Today's race has attracted a quality field headed by the war horse of New Zealand racing, Sir Slick, who took his earnings past the \$2,000,000 mark at his last start and will be a worthy contender again. Among the lineup facing Sir Slick is the very smart Salvatore and Group I Land Pride Easter Handicap winner, Prince Kaapstad.

One of the features of The New Zealand Herald Christmas Carnival in recent years has been the running of the Dunstan Feeds Championship, a series run over six weeks leading into the final on New Year's Day for the up and coming stayers in New Zealand. The field is selected from those who have collected the highest points during the series and there are three qualifying races for the Dunstan Feeds Championship Final on today's program enabling runners to compete for valuable points.

We are delighted to welcome David Smith and his team from Dunstan to Ellerslie and thank them for their wonderful support of the Auckland Racing Club.

I would like to wish you all every success today and hope you can join us again next Saturday where the day will feature the Group II Concorde Handicap which will be run for the first time at Ellerslie due to the Avondale Jockey Club having ceased racing this season.

Russell Warwick  
Chairman of the Auckland Racing Club

THE AUCKLAND RACING CLUB  
THANKS ALL OWNERS FOR RACING

TRACK TIPS

# HOW EASY!

If you can't decide on a runner to back, ask the operator for an Easybet and the computer will pick a selection of runners for you from the on-course favourites of that race. Simply choose the amount you want to spend (from \$1 up) and the bet type. **How easy is that?**

# How to read raceform

Runner number. This is the number on the horse's saddle cloth.

Indicates colour, sex and age of runner.  
**Colour;** B=bay, BR=brown, BL=black, G=grey, RN=roan, CH=chestnut. **Sex;** Female = M or F (Mare or Filly), Male = G, H or C (Gelding, Horse, Colt). **Age;** this runner is 4 years old.

This is the name of the runner (horse).

An expert's comment on how they think the runner might perform in the race.

Jockey's racing colours (Silks).

Jockey's name.

**1 PHAR LAP**

CH G 4 yrs  
**Red, Black & Green hooped Sleeves & Red Cap**

**Jim Pike**

Dst (3-1-2)

**1X011** *Won last two starts impressively. Will be hard to beat.*

Placings the runner has achieved in its last 5 races. The most recent race is on the right. 1 = 1st place, 2 = 2nd place etc, 0 = finished worse than 10th, X = runner had a three month break from racing.

*Dst* indicates how the horse has performed over this particular distance in the past. The first number indicates how many times it has run, the second number how many times it has won, and third number indicates a place (eg: *Pharlap* has had 3 starts, 1 win and 2 places).

## Tips to picking a winner!

- ◆ Favourites, on average, win about 30% of the time.
- ◆ Look for a calm but alert horse when they parade in the birdcage before the race.
- ◆ Following a winning jockey at a meeting can be a profitable plan!
- ◆ See if your runner has won before on the same distance.
- ◆ You don't need to be an expert to win - picking the colours, names or numbers you like can result in a win.

# Percentage Betting

**PERCENTAGE BETTING = PERCENTAGE RESULTS**

It's simple – you pay a percentage of the price of a Trifecta or Treble in return for a percentage of the dividend. Tell the operator or mark the betting slip with the Total Amount you wish to spend. Remember the minimum percentage bet is \$5 and the minimum bet unit is 5 cents. So just name your price and you'll be in to win at a price that suits you.

### TRACK TIPS

## Want big race returns?

With a **Trifecta** you pick the runners to come 1st, 2nd and 3rd in the **CORRECT** order.

A popular way of taking a Trifecta is a **BOXED** Trifecta. This means you buy all the combinations for your runners to come 1st, 2nd and 3rd, see example. You can choose any number of runners to box.

You can keep the cost of a Trifecta bet down by playing with 50 CENT units and if you win the Trifecta you will win half the Trifecta dividend.

**EASY GUIDE TO CALCULATE YOUR BOXED TRIFECTA BETS**

Number of runners	\$1.00 units	.50c units
3	\$6.00	\$3.00
4	\$24.00	\$12.00
5	\$60.00	\$30.00
6	\$120.00	\$60.00

Or, simply tell the operator the **total amount** you want to spend and ask for a **Percentage Trifecta** or **Boxed Trifecta** bet.

**EXAMPLE OF A SIMPLE BOXED TRIFECTA**

Box runners 1, 2 and 3 (you need to pick 3 or more runners for a Boxed Trifecta). This gives you the following options to win: 1-2-3, 2-3-1, 3-1-2, 1-3-2, 2-1-3, 3-2-1 and costs \$6.

*\$1 is the minimum bet value.*

#### TRACK TIPS

## Give it the old one-two!

With a **Quinella** you simply pick two runners to come 1st and 2nd in either order.

The most popular way of taking a Quinella is a **BOXED Quinella**, which means you pick three or more runners and if ANY two of them finish 1st and 2nd, you will win the Quinella dividend.

The minimum bet value is \$1.

Remember the more runners you pick, the more the Boxed Quinella will cost.

#### EASY GUIDE TO CALCULATE YOUR BOXED QUINELLA BETS

3 runners will cost	\$3.00
4 runners will cost	\$6.00
5 runners will cost	\$10.00
6 runners will cost	\$15.00
7 runners will cost	\$21.00

#### EXAMPLE OF A SIMPLE BOXED QUINELLA

Box runners 1, 2 and 3 (you need to pick 3 or more runners for a Boxed Quinella).

This gives you the following options to win: 1-2 and 2-1, 1-3 and 3-1, 2-3 and 3-2 and costs \$3.

# So what's Percentage Betting

PERCENTAGE BETTING = PERCENTAGE RESULTS

It's simple – you pay a percentage of the price of a Trifecta or Treble in return for a percentage of the dividend. Tell the operator or mark the betting slip with the Total Amount you wish to spend. Remember the minimum percentage bet is \$5 and the minimum bet unit is 5 cents. So just name your price and you'll be in to win at a price that suits you.

## Want big race returns?

With a **Trifecta** you pick the runners to come 1st, 2nd and 3rd in the **CORRECT** order.

A popular way of taking a Trifecta is a **BOXED** Trifecta. This means you buy all the combinations for your runners to come 1st, 2nd and 3rd, see example. You can choose any number of runners to box.

You can keep the cost of a Trifecta bet down by playing with 50 CENT units and if you win the Trifecta you will win half the Trifecta dividend.

EASY GUIDE TO CALCULATE YOUR BOXED TRIFECTA BETS		
Number of runners	\$1.00 units	.50c units
3	\$6.00	\$3.00
4	\$24.00	\$12.00
5	\$60.00	\$30.00
6	\$120.00	\$60.00

Or, simply tell the operator the **total amount** you want to spend and ask for a **Percentage Trifecta** or **Boxed Trifecta** bet.

#### EXAMPLE OF A SIMPLE BOXED TRIFECTA

Box runners 1, 2 and 3 (you need to pick 3 or more runners for a Boxed Trifecta).

This gives you the following options to win: 1-2-3, 2-3-1, 3-1-2, 1-3-2, 2-1-3, 3-2-1 and costs \$6.

\$1 is the minimum bet value.
