## ALL UP BETTING

This IS NOT a new bet type of pool, but a mechanism which allows automatic reinvestment of your winnings on to the next event of your choice. Dividends earned from the 1<sup>st</sup> event will be reinvested "All Up" on the 2<sup>nd</sup> selected event, and so on.

If you choose to bet **ALL UP** you *MUST* fill in a betslip marking the selected races and runners.

# Races 5, 6, 7 & 8

## INTRODUCING QUADDIE

**Quaddie** - Select the winning horse in the four nominated races. It's just like a Treble with an extra leg!

Easybet and Percentage Quaddie bets are available.

**Quaddie Easybet** - Tell us how much you want to spend and the computer selects your runners in each leg for you. All Quaddie Easybets are percentage (%) bets so that you have a greater chance to win. If your bet comes in you get a percentage of the dividend.

**Joker** - Mark one Joker or a mixture of the Jokers alongside your own selections in any leg and the computer will select a runner for you.

# ALL UP BETTING

This IS NOT a new bet type of pool, but a mechanism which allows automatic reinvestment of your winnings on to the next event of your choice. Dividends earned from the 1<sup>st</sup> event will be reinvested "All Up" on the 2<sup>nd</sup> selected event, and so on.

If you choose to bet **ALL UP** you *MUST* fill in a betslip marking the selected races and runners.

# All Races

## INTRODUCING FIRST4

**First4** is a challenging new bet type with big rewards. Just select the first four runners in the correct finishing order.

For example the result pictured below would be 4-7-1-3.

### Boxed First4 Combinations

Boxed First4 gives you all your selections in any orders.

| Boxed Runners | \$1      | 50c (half dividend) |
|---------------|----------|---------------------|
| 4             | \$24.00  | \$12.00             |
| 5             | \$120.00 | \$60.00             |
| 6             | \$360.00 | \$180.00            |

### Easybet First4 Combinations

First4 Easybets give you a percentage (%) so if your bet comes in you get a percentage dividend!

| Amount of bet | No of Combinations | Minimum % of Dividend |
|---------------|--------------------|-----------------------|

# Percentage Betting

## PERCENTAGE BETTING = PERCENTAGE RESULTS

It's simple – you pay a percentage of the price of a Trifecta or Treble in return for a percentage of the dividend. Tell the operator or mark the betting slip with the Total Amount you wish to spend. Remember the minimum percentage bet is \$5 and the minimum bet unit is 5 cents. So just name your price and you'll be in to win at a price that suits you.
